Kids' Pages Presents

Brain Boosters

Ages 10-14

Congratulations to last month's winner! Melissa K., age 10, Centennial Elementary

Anatomy Match-up

Draw a line from the body part to its definition.

- Cerebellum
- Genes
- Femur
- Epiglottis
- Veins & Arteries
- Palate
- Epidermis
- Tonsils
- Iris
- Pinna

- The piece that folds down over your windpipe when you swallow to keep your food from going down the wrong way.
- The roof of your mouth.
- A small, but powerful part of your brain that controls coordination, balance and movement.
- The two bumps on each side of the back of your mouth. Also known as "germ catchers."
- The largest bone in your body, found in your thigh.
- The part of your ear that sticks off of your head.
- Your skin.
- The colorful ring in your eye.
- A special code that is carried on DNA inside the cells of your body.
- Small tubes that deliver and take away blood to your body parts.

Two grand prize winners will each receive a Family Four Pack of Movie Tickets! 30 children will win a single ticket.
